湖南科技大学本科生院

湖南科技大学平均学分绩点计算方法

根据《湖南科技大学普通全日制本科学生学籍管理规定》（科大政发〔2025〕83号）第十六条、第二十六条规定：

课程考核方式分为两类：考试和考查。考试课程按百分制评定成绩，考查课程按五级记分制（优秀、良好、中等、及格、不及格）评定成绩。考核成绩合格即取得该课程学分，同时用绩点和平均学分绩点来综合评价学生的学习质量。考核成绩与绩点的关系如下表（考查课成绩按对应最高绩点计算，补考（重修）成绩合格后绩点按1.0计算）：

成　　绩		成绩等级	绩点
优	90-100	A	4.0
	85-89	A-	3.7
良	82-84	B+	3.3
	78-81	B	3.0
	75-77	B-	2.7
中	71-74	C+	2.3
	66-70	C	2.0
	62-65	C-	1.5
及格	60-61	D	1.0
不及格	60分以下	F	0

五级记分制优秀、良好、中等、及格和不及格对应的百分制分数分别为93分、80分、68分、61分和50分。平均学分绩点的具体计算方法为：

$$\text{平均学分绩点} = \frac{\sum(\text{学分} \times \text{绩点})}{\sum \text{学分}}$$

Calculation Method of Grade Point Average at Hunan University of Science and Technology

Subject to Article 16 and Article 26 in the *Status Management Regulation for Full-time Undergraduate Students at Hunan University of Science and Technology* (*Kedazhengfa* Document No.83, 2025):

The course assessment falls into two categories, i.e. examination and check. The one hundred-mark system is used to grade the examined course, while the five ranks i.e. Excellent, Good, Medium, Pass, and Fail are used to grade the checked course. The students who pass examinations will obtain the course credits, with Grade Point and Grade Point Average (GPA) as comprehensive evaluations for the students. The following chart illustrates the relation between assessed score and grade point (The grade point of the checked course will be calculated on the basis of the correspondently highest one, while that of the make-up checked course up to standard will be 1.0):

Scores		Grade	Grade Point
Excellent	90-100	A	4.0
	85-89	A-	3.7
Good	82-84	B+	3.3
	78-81	B	3.0
	75-77	B-	2.7
Medium	71-74	C+	2.3
	66-70	C	2.0
	62-65	C-	1.5
Pass	60-61	D	1.0
Fail	＜60	F	0

Under the five-level grading system, the percentage score equivalents for Excellent, Good, Medium, Pass, and Fail are 93, 80, 68, 61, and 50, respectively. The calculation method of GPA is:

$$\text{GPA} = \frac{\sum (Credit \times Point)}{\sum Credit}$$
